Note:

- All monies collected will be distributed in prize money as advised before play by the administrator of the day
- **Prize money won** is determined by the most number of ends won on the day (you do not need to win both games). Shots up will be used to determine when ends are equal and prize money will be split when ends and shots are equal
- **Winter Shield points** are determined by 1 point for every game played and 1 point for every game won. Winner of the game is determined by ends up, then shots up...if ends up and shots up equal, it is a tied game and 0.5 of a point is awarded
