

Greetings Members

A big thank you to those who have donated to our Fundraising Campaign, 'Help us do more'

Some members have asked for details about what the Fundraising money will be used for.

The following list was compiled by the Board to outline potential costs not covered by the Grant from the State Government and Unley Council. These are 'wish list' items and can only be purchased if the Fundraising covers the cost.

Beyond this list is a 'wish list' from our Greenkeeper, James Gregory, to laser level the Greens and install new metal bank supports.

Please donate to make these 'wishes' a reality!
